 Subject: RE: San Jac into P: make a Sc eem

Hi Guy

He is in the Master Template.

Also, please contact the help desk to resolve you problems with Java.

Thank You,

Alice

Alice,

Can you give me a link to the master template location on codes?

Thanks,

Guy M

 Importance: High

Good Morning Guy

I checked what you have in P: make a and the e-mail messages in the SEMS Site Schedule. It seems as if you have some activities in the incorrect location in the schedule.

He is who you placed the ROD, the proposed Plan, the RI and the FS. I made a: The Gov't Decis on Document is placed at 1.2.1.4.3.1.2. It should be at 1.2.1.4.1.3 according to the master template. The PRP RI is at 1.2.1.4.2 and it should be at 1.2.1.4.2 according to the master template. The PRP FS is at 1.2.1.4.3.1 and it should be at 1.2.1.4.3.1. The PRP proposed Plan is at 1.2.1.4.4.3.1 and it should be at 1.2.1.4.3.1.

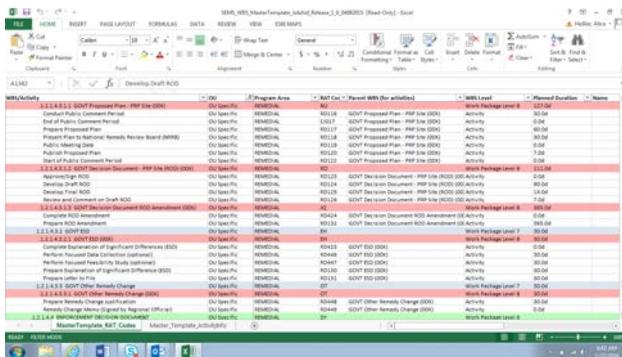

Please see the images below of what you have in P: make a and of the Master Template. Also the e-mail messages in the wrong location as well, such as the Health Assessment, the PRP Baseline Risk Assessment, and a few Enviro comment Activities. The screenshot image of those e-mails is below as well. Please note that the last message was sent on January 25, 2016.

Thank You,

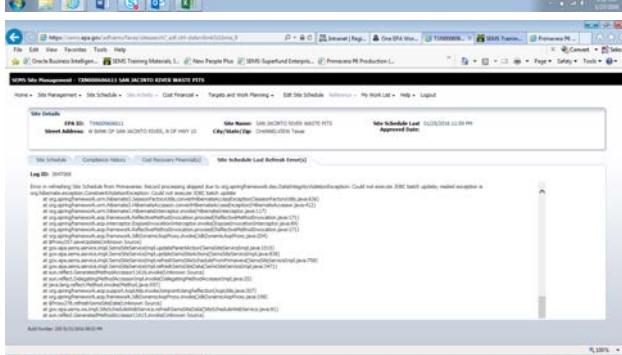

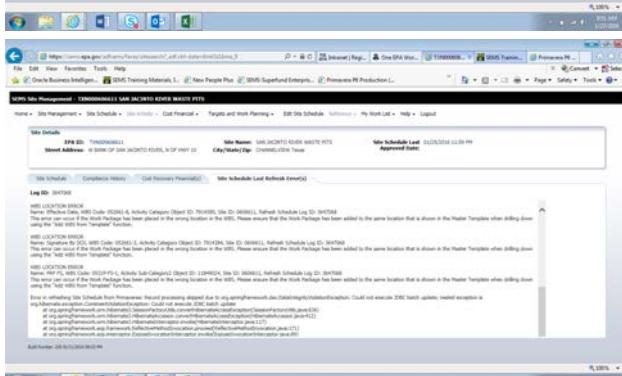

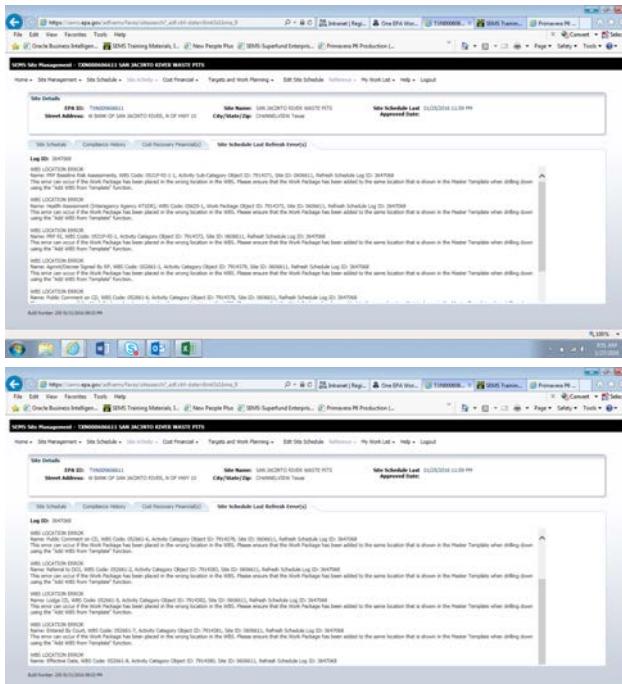

Alice

Subject: San Jacinto P - move a Sc even

Mike,

San Jacinto RI/P, P opposed Plan & ROD not show up in SEMS--no Remedy Chg act. ja ion tasks are shown in SEMS

Also, can't get n o P move a, just get "E o - Click fo Details".

HELP!

Thanks,

Allie - he e is the message when I click on "E o - Click fo details"
